VINIFICATION

Grapes were harvested by hand in the early hours of the morning and underwent a second sorting and selection prior to destalking and crushing. The grapes were cooled and pumped into separators and then pressed. Cold fermentation at 13°C took place in stainless steel tanks lasting 14 days before stabilising and bottling.

WINEMAKER'S NOTE

A beautiful rose petal appearance. Aromas of fresh red berry fruit, sweet flowers of violets and candyfloss undertones. Red cherry, strawberries and cream intermingle with Turkish delight and a touch of rose leave you with a creamy mouthfeel. A fresh palate showing a great balance between acidity and sweetness.
